Honor Roll Grades 9-12

The Honor Roll field trip to St. Louis was amazing and I'm very glad I was able to go. We went to the Science Museum, City Museum, St. Louis Zoo, and finally the Arch. We slept at a nearby church gym and played ultimate basketball and hockey. It was fun going on a field trip with all of my friends to such a great city.

Thanksgiving Dinner

This year the first through sixth grade classroom put on a Thanksgiving meal for the whole school to enjoy. The mothers helped the students and it was very delicious. Here is what Sophia Schwartz had to say about the event.

On Friday my classmates and I finished making pilgrim houses. We decorated and set tables for the Thanksgiving meal while our moms made the delicious food. As a classroom we

served everyone plates of food consisting of turkey, mashed potatoes with gravy, stuffing, and corn. For dessert we had apple and pumpkin pie. Then we helped our moms clean up and spent the rest of the afternoon playing games.

Editors Corner

Christmas: the time of the year of joy and hopefully snow. Because I am a senior, this is my last Christmas Party at school. My favorite part of the party is when we play "Ba Ba Black Sheep" in the high school classroom. The gift exchange is pretty awesome, also. Aside from school, spending time with family members is also a great part of Christmas. Let's not forget the most important part though, the birth of Christ. One of my favorite things to do during the Christmas season is attend the show that Marion Avenue Baptist Church puts on called, "The Live Animal Christmas Play." It depicts the birth, mid-life, and death of Christ. Real animals such as donkeys, camels, sheep, chickens, dogs, and cows are used. It is easy to become consumed in the fun and excitement of Christmas, so this year I challenge you to remember the real reason that we celebrate, because Christmas is more than just a fun holiday.

Board Member Report

To the staff, students, and parents of Pathway School. We live in a time when we have more ways of communicating than ever before. Still, there is more frustration, hurt and broken relationships in our culture. How can this be? Perhaps it is our pride, self-centeredness, or our perception on issues. Maybe we have felt ignored, misunderstood, or looked down upon. Friends, before we just stuff it down, give the silent treatment, or walk away, may we consider the words of Paul in Philippians 2:3, "Do nothing from selfish ambition or conceit, but in humility count others more significant than yourselves." As your school board, we desire to be open and transparent, we want to hear your ideas and frustrations. Together we can make Christ and education look attractive to those around us.
