

Pathway Paperboy

New and Returning Faculty

New Students

Coming back to Pathway to work as a secretary has always been a dream of mine. It is completely different than what I had been doing with housecleaning. Even though I like working in the office all day, I do love being able to interact with some of the kids here too because of the other responsibilities that I have, such as being a break monitor, devotional group leader, and yearbook advisor. My prayer for this year is that my life would be an example of who God is and that I could show them how to be grateful for the blessings that God puts in our life.

~Maria Kemp

As many of you know, Miss Harlene Padding has moved from the position of secretary to teaching grades 1-6. Before coming to Pathway, Miss Padding was involved in the faculty at four other schools including Ebenezer Christian where she taught grades 3-5, Racine Christian-grades 4-8 Westminster Christian-grades 7-8, and Cono Christian where she taught art, math, science, and a few other classes. One thing Miss Padding said was different about being secretary then being a teacher was the interaction with kids. A teacher is constantly helping children learn while a secretary deals more with adults.

~Justin Schwartz

10th Grade- Jacob Leonard
9th Grade- Audrey Yutzky
8th Grade- Mariah Miller
7th Grade- Rosie Queen
5th Grade- Reese Good
Pre K- Reghan Good
Pre K- Rowen Marin
Pre K- Drayce Miller
Pre K- Josephine Miller
Pre K- Blakeley Weaver
Pre K- Priscilla Wilbanks

Upcoming Events

The Pathway Volleyball Invitational this year was a lot of fun. There were seven teams, Omaha Lightning, Arthur-Okaw, Morningstar, Quentin Road, Pathway, Quad Cities Christian, and Omaha Warriors, placed in this respective order. The teams were well matched. The pretzels were a big hit as always. As a team we played hard and came out in fifth. We had our ups and our downs and played a great last game. We played QCCS in a tough game and came out with a victory. I am very thankful for the ladies on our team. We had been working hard learning and executing fundamentals, and it showed. Even though we didn't win many matches, we still played well, and I was proud to be part of the team.

Megan McGaffey #33

Attention Alumni

An alumni group has been created on FaceBook. Some events and information will be posted there. This is another way for you to stay involved in your school. Please check it out!

- October 10: No school (Christian Educator Conference)
- October 13-15: Sub Sandwich Fundraiser
- October 21: End of First Quarter
- October 31: ITED testing

Bible Memory
Philippians 2:1-16

Editors Corner

Starting my last year as a high school student is bitter sweet. I'm excited to see what comes after high school, but I'm also afraid of what I may have to face. The decisions concerning my future are some of the most important decisions I will make. That's something that I've been thinking about a lot, probably because I've been asked about my future plans a lot in the last two months. At this point I really don't know what I want to do. Its difficult being uncertain about the future and what it may hold, but as I think about it, I realize I really only have one option. I'm going to pray and wait. I won't know what to do with the rest of my life without first asking God, and believe me I have been. At this point I haven't gotten a clear answer, so I must wait. I think that through all of this God is trying to teach me something. I'm not sure what yet but something. So while I wait on him to answer me I'll keep praying and seeking his will. And when people ask what I'm going to do after high school I'll smile and simply tell them I don't know yet.

~Rochelle Beachy
